Content This book contains 28 Spanish lessons for beginners. All instructions, vocabulary, exercises and activities are translated into English for better understanding and faster learning. These lessons are mainly directed to all those who wish to communicate with Spanish speakers in oral form. This work is completely bilingual so that the students understand and apply the exercises in a practical and simple way without having to turn to the translation or meaning of a word in a dictionary. We all know from experience that oral communication is, for most people, the fundamental...
